

UNIVERSAL PHOTONICS INCORPORATED

Our commitment to sound ecological practices drives our R&D to conservation, preservation, and recycling. Whether it's a precision machine, a customized equipment system, or one of our technologically advanced consumables, we maintain a solid respect for environmentally friendly. Here is sampling form our consumable line. Please contact us directly for a full line card or with specific inquiries.

DESCRIPTION		ENVIRONMENTAL ATTRIBUTES
SURFACTANTS		
EVERFLO	Unique concentrated liquid additive that accelerates and enhances the action of abrasive and polishing compounds.	<ul style="list-style-type: none"> ✓ Contains No Nitrates ✓ Completely Biodegradable ✓ Non-polluting
COOLANTS		
NBQF COOLANT	Non-borate quartz fluid designed for fabrication of brittle materials. Special additive package keeps surface liquids from drying on newly fabricated parts and aids in the rapid, complete removal of all films and residues.	<ul style="list-style-type: none"> ✓ Contains No Boron Materials
DIAMOND-CUT GRINDING FLUID	A concentrated, non-cobalt leaching coolant formulated with high levels of lubricity additives for increased line speed.	<ul style="list-style-type: none"> ✓ Will not dissolve cobalt from carbide providing a healthier work environment ✓ Biologically Stable
BLUEKOOL COOLANT	High performance, fully synthetic coolant designed for operations requiring good cooling lubricity, extreme pressure activity and long tool life.	<ul style="list-style-type: none"> ✓ Contains No Nitrites, Phosphates, Chromates ✓ Contains No Glycols, Phenols ✓ Contains No Heavy Metals or Petroleum Oils
CLEANERS		
UNI-CLEAR II	Aggressive cleaning action that outperforms both aqueous cleaners and trichloroethane.	<ul style="list-style-type: none"> ✓ Non-Toxic, Non-Carcinogenic, Nonflammable, Non-corrosive and Non-hazardous ✓ Dispose with chemicals acetone /methanol without any negative reactions. ✓ Contains No Halogens, CFCs, or SARA-listed chemicals
UNI-CLEAR GOLD	Non-borate quartz fluid designed for fabrication of brittle materials. Special additive package keeps surface liquids from drying on newly fabricated parts and aids in the rapid, complete removal of all films and residues.	<ul style="list-style-type: none"> ✓ Contains No Boron Materials
UNI-RINSE	Non-borate quartz fluid designed for fabrication of brittle materials. Special additive package keeps surface liquids from drying on newly fabricated parts and aids in the rapid, complete removal of all films and residues.	<ul style="list-style-type: none"> ✓ Contains No Boron Materials
K-89 CLEANER	Non-borate quartz fluid designed for fabrication of brittle materials. Special additive package keeps surface liquids from drying on newly fabricated parts and aids in the rapid, complete removal of all films and residues.	<ul style="list-style-type: none"> ✓ Contains No Boron Materials
CEMENTS		
UNIBOND SOLUBLE THERMOPLASTIC SERIES	Non-borate quartz fluid designed for fabrication of brittle materials. Special additive package keeps surface liquids from drying on newly fabricated parts and aids in the rapid, complete removal of all films and residues.	<ul style="list-style-type: none"> ✓ Contains No Boron Materials
UNI-MET 60 SAWING CEMENT	Non-borate quartz fluid designed for fabrication of brittle materials. Special additive package keeps surface liquids from drying on newly fabricated parts and aids in the rapid, complete removal of all films and residues.	<ul style="list-style-type: none"> ✓ Contains No Boron Materials
